IRC Consultant Adds Certification

Mark Barlow receives HAAG Commercial Roof Inspector Certificate

Still receiving hail claims? Allow IRC to help! **Consultant Mark Barlow** traveled to Tennessee in October in order to obtain his HAAG Certification as a Commercial Roof Inspector. Mark adds this certification to go along with the HAAG Certified Residential Roof Inspection he received earlier in the year as well as his CR, CMR, and CGR. Knowing that this was a year full of hail damage claims and roof inspections, Mark is happy to now have the certifications that are considered by many to be the "industry standard" in regards to roofing and inspections.

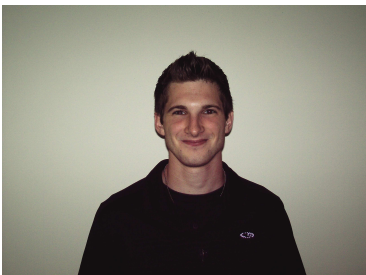

If you're still receiving a high volume of hail damage claims or just need a solid roof inspection, Mark is here to assist you! With an extensive history in the roofing industry he will be sure to allow his new certifications back up his knowledge!
